Dear Mr. Johnson:

On May 14, 2012, a representative of the U. S. Environmental Protection Agency inspected your facility. The inspection was conducted under the authority of Section 3007 of the Resource Conservation and Recovery Act (RCRA).

A Notice of Preliminary Finding (NOPF) was issued to your company during the inspection. I have reviewed your May 25, 2012 and June 18, 2012, response to the Notice of Preliminary Finding (NOPF) and determined that it adequately addresses the violations listed in the NOPF. Therefore, no further submittals are required at this time. Please note that the EPA reserves its right to pursue appropriate enforcement actions, including penalties, for violations discovered as a result of this inspection, regardless of whether the violations were subsequently corrected.

I would like to remind you that your facility is responsible for maintaining compliance with all applicable hazardous waste regulations. If there are any questions regarding this matter, please contact me at (913) 551-7720.

Sincerely,
